

## PRODUCT DESCRIPTION

Xtreme SAE 30 is a high quality monograde mineral oil designed to meet the requirements of some small diesel and gasoline engines used in agricultural and gardening applications.

Xtreme SAE 30 presents the following characteristics:

- high protection against wear,
- high protection against varnish, sludge, and other pollutants,
- good protection against acid products deriving from the combustion of diesel fuel with high sulphur content.

## APPLICATIONS

Xtreme SAE 30 is recommended for engines of agricultural and gardening equipment such as lawnmowers, rotary tillers and walking-tractors where SAE 30 viscosity grade is required. Suitable for 4-stroke engines with or without catalytic converter.

## PERFORMANCE LEVELS AND APPROVALS

API SF / CD

## TYPICAL CHARACTERISTICS

<b>Xtreme SAE 30</b>	TEST PROCEDURE	TYPICAL VALUES
SAE Viscosity Grade		30
Density @15°C, kg/m <sup>3</sup>	ASTM D 1298	≥ 860
Kinematic viscosity @100°C, cSt	ASTM D 445	9,3-12,5
Viscosity Index	ASTM D 2270	≥ 100
Pour Point,°C	ASTM D 97	≤-18
Flash Point,°C	ASTM D 92	≥220
